

Jeremiah Onwoh

Technical Systems & Infrastructure Engineer
onwohjeremiah@gmail.com · <https://linkedin.com/in/jerrybenoc> · <https://github.com/jerryben> · Based in Nigeria

SUMMARY

Cloud & DevOps Engineer and IT infrastructure professional with 15+ years of hands-on experience across networking, systems administration, cloud engineering, security, DevOps and technical support. More recently exploring local LLMs, AI-assisted engineering and AI infrastructure.

CORE SKILLS

- Cloud & DevOps:** AWS, Kubernetes, Docker, Terraform, CI/CD
- Networks & Systems:** Linux, TCP/IP, VPN, MikroTik
- Security & Reliability:** Security, RBAC, Compliance
- Automation & Code:** Python, Bash, Node.js, n8n, APIs
- AI & LLMs:** Ollama, LLMs, MCP, RAG, Chromedb, ChatBot, AI Agents, LiteLLM
- Observability & Tooling:** Prometheus, Grafana, Jenkins, GitLab

EXPERIENCE

IT Infrastructure & Technical Administration 20+ years
Network and systems administration, technical support, Linux/Windows environments, directory services, RBAC and infrastructure operations.

Large-Scale Connectivity Projects
Contributed to campus-wide broadband projects across six tertiary institutions, combining networking, systems and project coordination.

Technology Delivery Project management
Coordinated technical projects, stakeholders, requirements, deliverables and operational problem solving.

Application Testing Remote
Worked remotely as an application tester, identifying defects, reproducing issues and documenting results with attention to detail.

Cloud • DevOps • AI Now
Expanding hands-on capability in AWS, Kubernetes, Docker, Terraform, CI/CD, automation, local LLMs, AI agents and AI infrastructure.

EDUCATION

MSc Information Technology 2013–2017
National Open University of Nigeria

CERTIFICATIONS

- Kubernetes and Cloud Native Associate(KCNA) — 2025
- Google IT Support Professional Certificate — 2024
- Cloud Security — 2024
- ALX Professional Foundation — 2024
- ALX AI Career Essential — 2024
